

An exciting addition to GCMS Elementary School Open House...

**MATH ROCKS** is a special Math exhibit for ALL GCMS students and their families.

**MATH ROCKS** will be in the Cafeteria during Open House. Please come visit anytime! While there, you will create a take-home Math Kit for each of your GCMS students. The Math Kit will include games, cards, and dice along with practice ideas and special guides created by GCMS Teachers.

**Be sure to get materials for each of your students — for the grade level they are in now AND the grade level they will be going in to next year!**

These MATH ROCKS tool kits will be fun, as well as educational. Your kids will want to use them and stay engaged with Math all summer long!

And best of all.... Its all FREE!!!

**GCMS Elementary School Open House**

**Thursday, April 28th**

**5:30—7:00 p.m.**

*GCMS is excited to present this Title I Math Experience for all GCMS Elementary School families.*

*All expenses of MATH ROCKS are paid by Title I grant money.*
