

*A Healthcare Careers Camp*

Do you think a future career in healthcare might be right for you?

**Come to CAMP GIBSON!**

**What is Camp Gibson?**

A program for incoming 8<sup>th</sup> grade students to explore future professions in rural health careers.

**Each student will:**

- Receive information on a variety of healthcare career opportunities in rural areas
- Learn the education requirements for those positions and discuss what high school courses will help prepare for those careers
- Acquire information about health and wellness
- Become CPR certified
- Participate in hands-on activities and interact with professionals already in the field
- Meet other students with similar interests from your community who are also interested in healthcare careers

Each student is provided with educational materials to plan for future healthcare careers.

Our program is guided by GAHHS healthcare professionals.

This camp is free to all participants!
